## Right side tent

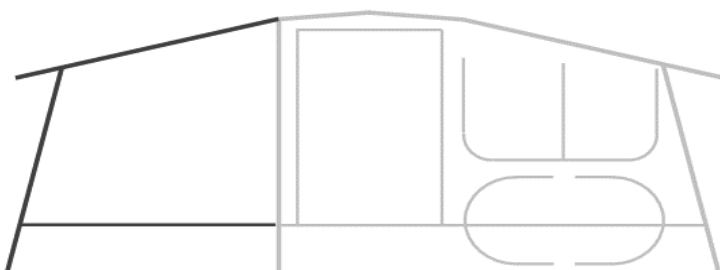

### Bedroom #2

Bedroom #2 is placed on the ground and suspended from the aluminum frame of bedroom #1. It has two separate entrances as well as a separating and removable interior wall for more privacy.

## Left side tent

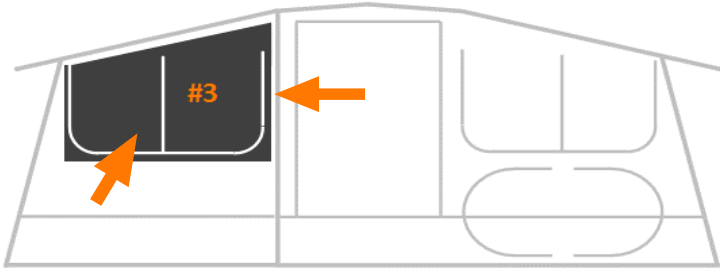

### Left side room

This space can be used as a garage to store your equipment such as bicycles, motorcycles, etc. or as an additional living room.

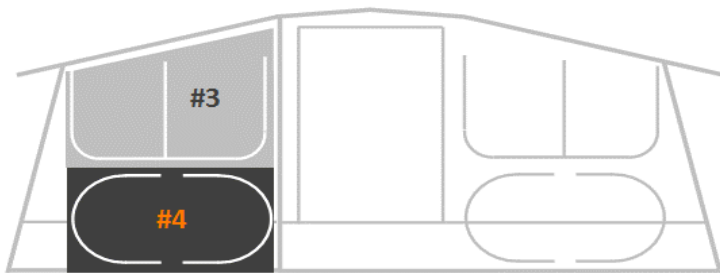

It can also be used as a bedroom by adding bedrooms #3 and/or #4.

## Bedroom #3

Bedroom #3 is placed on an aluminum frame. Two high resilience foam mattresses are also included. It has two entrances, one from the front, the other from the inside.

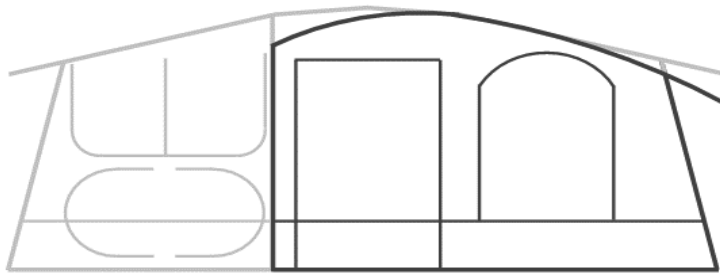

## Bedroom #4

Room #4 is placed on the ground and suspended from the aluminum frame of room #3. It has two separate entrances as well as a separating and removable interior wall for more privacy.

## Front living room

### Front living room

The addition of the living room increases the living space of the tent. It has a groundsheet, windows and a large front door.

**EQUIPMENT & ACCESSORIES****Motorbike kit**

With the Acebikes SteadyStand placed in your tent trailer your motorbike is firmly anchored in seconds. The SteadyStand is suitable for 15 to 19 inch tires, with a tire width of 90 up to 130 mm.

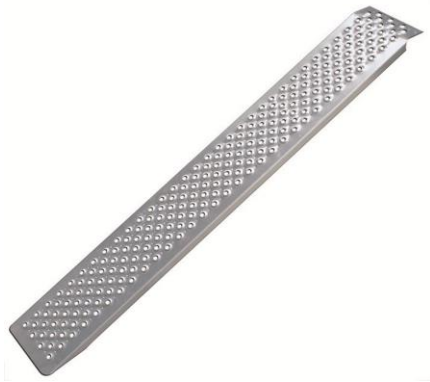

**Bicycles base kit**

With the aluminum frame and the bike rails fixed in your tent trailer, your bikes travel safely.

**Additional bicycles rails**

Carry additional bikes by adding rails that are staggered to the base of the bike kit.
